

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

FOREIGN.

[Reports received from United States consuls through the Department of State and from other sources.]

Cholera, yellow fever, plague, and smallpox as reported to the Supervising Surgeon-General United States Marine-Hospital Service, January 1 to November 25, 1898.

CHOLERA.

Current quarantine measures.

[Translated in this Bureau from the "Veröffentlichungen des Kaiserlichen Gesundheitsamtes," Berlin, September 28, 1898.]

AUSTRIA.—The Government has, through the minister of foreign affairs, informed the contracting powers to the Venetian convention of 1897, of the outbreak of sporadic cases of plague in the Vienna public hospital, and of the measures taken to prevent its spread. Four persons who are not ill are under medical observation.

RUSSIA.—In consequence of the epidemic outbreak of plague at Anzob, in Samarcand, the Russian Government has ordered measures to be taken for the suppression of the disease and investigation into its nature. The routes to Anzob are under observation; the clothing of the dead plague patients is burned; the sick are isolated, houses are
